## State Democratic Convention.

DEMOCRATIC STATE EX. COM.  
RALEIGH, N. C., May 30, 1884.

The State convention of the Democratic party of North Carolina will meet at 12 o'clock m. on Wednesday, the 25th June prox., in Metropolitan hall, in this city.

The convention will nominate candidates for the several offices of the executive department of the State, viz: Governor, Lieutenant-Governor, Secretary of State, Auditor, Treasurer, Superintendent of Public Instruction and Attorney General; also a candidate for the office of Associate Justice of the Supreme Court; and it will elect four delegates and four alternate delegates to the Democratic National convention at Chicago, and two Presidential electors, and transact such other business as may come before it.

The several railroad companies of the State have agreed to sell their various depots, to delegates, return tickets to and from Raleigh, at reduced rates; and the only way provided for delegates to get the advantage of reduced fare is by the purchase of return tickets. Certificates from the chairman and secretary of the executive committee given delegates here will not be respected by the railroad officials. The return tickets will generally be good from Sunday or Monday before the convention till the end of the week. To avoid trouble and confusion, chairmen and secretaries of the county executive committees are earnestly requested to call the attention of the delegates from their respective counties to this matter.

R. H. BATTLE, Chm.  
J. J. LITCHFORD, Sec'y.

The Raleigh Register promises to be a splendid Democratic campaign paper.

Gen. Butler has accepted a Presidential nomination by the anti-monopolists and has been nominated by the Greenbackers. Judge West, of Mississippi, is nominated for Vice President.

A number of cotton mills have been shut down temporarily, on account of the continued rise in the price of cotton, as compared with the receipts from the finished cloth.

Mr. Tilden has declined the nomination for presidency on the Democratic ticket. Cleveland, Governor of New York, or Bayard, of Delaware will be prominent before the Convention.

At the recent fire in Lenoir, Caldwell county, the Lenoir Topic and Western Carolinian newspaper offices were destroyed. No insurance. We have received a copy of the Daily Topic, which announces that the weekly edition will soon be issued.

Heavy and killing frosts in New England on last Saturday night. The Cape Cod district reports the cranberry crop as entirely ruined. Hundreds of acres were blighted. Corn and potatoes are ruined and will have to be replanted. In Massachusetts entire crops of vegetables were destroyed. Heavy white frosts on Long Island, destroying strawberries, &c.

The House of Representatives has passed a bill putting all grain distilleries of ten bushels capacity a day on an equal footing with fruit distilleries, and also allowing the Secretary of the Treasury to put all distilleries using twenty-five bushels of mash on the same footing. The bill also cuts down the pay of storekeepers and gaugers to two dollars a day.

The need of merit for promoting personal aesthetics is due to J. C. Ayer & Co., whose incomparable Hair Vigor is a universal beautifier of the hair. Harmless, effective, agreeable, it has taken rank among the indispensable articles of the toilet. To scanty locks it gives luxuriance; and withered hair it clothes with the hue of youth.

DEMOCRAT'S MONTHLY for June shows all the artistic and literary merit which has placed this publication high up on the roll of aspirants for public favor. The articles of most interest are "An Excursion into Wales," "The Wentworth Homestead," "Lost Crowns," "Among the Fisher Folk of Yorkshire," and "How We Live in New York," by Jennie June. The stories and poems will be found readable, and "The World's Progress" instructive and suggestive. The various departments contain much that will prove useful in the household. The frontispiece is a fine oil picture of the Queen of the Garden.

## Forsyth County and State Exposition.

The committee appointed to collect material for County and State Expositions, have commenced work. They need all the aid our farmers, mechanics and manufacturers can give them, and we would urge a hearty co-operation. We learn that a township committee of three has been appointed for each township. Mr. John F. Griffith, has been appointed agent and will push the matter. Let every one get ready and meet Mr. G. with contributions, that will make the Forsyth county display at Raleigh a success. Any communications addressed to A. E. Conrad, Lewisville, John F. Griffith, Agent, Lewisville, or Geo. W. Hinshaw, Winston, will receive prompt attention. The Exposition articles will be stored in Winston.

WASHINGTON, June 11.—At a meeting of the House Committee on Appropriations to-day, the following resolution, offered by Mr. Randall, was adopted as an amendment to the General Deficiency bill, by a vote of six to three, a strict party vote of those present.

Resolved, That no Senator, Representative or Delegate in Congress; or Senator, Representative or Delegate-elect; and no officer, clerk or employee of the United States, or any department, branch, or bureau thereof; or any person receiving any salary or compensation from the United States; or any contractor under the United States government, shall give or hand over to any person or persons, directly or indirectly, any money or other valuable thing, on account of or to be applied to the promotion of any political object whatever. That any person guilty of a violation of this provision shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punished by a fine not exceeding \$5,000, or by imprisonment for a term not exceeding three years, or by such fine and imprisonment both in the discretion of the court.

## THE DANVILLE RIOT.

The Report of Sherman's Investigating Committee.

WASHINGTON, May 27.—The report of the Sherman Sub-Committee upon the Danville riot was submitted to, and approved by a majority of Senate committee on privileges and elections to-day, and subsequently reported to the Senate. The report reviews at great length the testimony taken by the sub-committee and quotes extracts from Democratic papers and circulars, to show the efforts which were made to intensify the race issue. Referring to the Danville circular, the report says the evidence is entirely satisfactory, that with the exception of the statistics given in the opening paragraph of the circular, it is a false presentation of the state of things at Danville, yet so vital was its effect on the interests of the Democratic party that the statements be sustained, that when its correctness was challenged, affidavits from its signers to its correctness were secured and published. The committee relates the experience of Col. Sims and the interests of the Democratic party that the statements be sustained, that when its correctness was challenged, affidavits from its signers to its correctness were secured and published.

At the recent fire in Lenoir, Caldwell county, the Lenoir Topic and Western Carolinian newspaper offices were destroyed. No insurance. We have received a copy of the Daily Topic, which announces that the weekly edition will soon be issued.

The need of merit for promoting personal aesthetics is due to J. C. Ayer & Co., whose incomparable Hair Vigor is a universal beautifier of the hair. Harmless, effective, agreeable, it has taken rank among the indispensable articles of the toilet. To scanty locks it gives luxuriance; and withered hair it clothes with the hue of youth.

DEMOCRAT'S MONTHLY for June shows all the artistic and literary merit which has placed this publication high up on the roll of aspirants for public favor. The articles of most interest are "An Excursion into Wales," "The Wentworth Homestead," "Lost Crowns," "Among the Fisher Folk of Yorkshire," and "How We Live in New York," by Jennie June. The stories and poems will be found readable, and "The World's Progress" instructive and suggestive. The various departments contain much that will prove useful in the household. The frontispiece is a fine oil picture of the Queen of the Garden.

The allegation, too, that none of the offenders had been brought before the courts was untrue, because of the omission to say, doubtless with a view to deceive, that the State authorities from the Governor to the commonwealth's attorney, of Danville, belonged to the same political party which was responsible for the resolution and in whose behalf the inquiry had been conducted.

The Fourteenth and Fifteenth Constitutional Amendments are quoted, and further arguments are based upon them in support of the theory that the General Government had no right of interference in the premises. "But it is indirectly said," continues the report, "by the committee that they propose no interference by actual legislation further than by investigation to expose the public condemnation of the action of the rioters in Danville, and it is also intimated that should the people of Mississippi not vote for the candidate of the Republican party in the pending Presidential election, then the committee recommend a further investigation of the whole people of that State, with a view of depriving them of the representation in Congress, under section 2 of the Fourteenth Amendment. The latter the undersigned regard simply as a partisan threat, in itself strongly interfering with the exercise of the free right of suffrage which it is believed the directly treated with the contempt it so richly merits, and the former would seem to be simply a proposition to shift the expense of printing a campaign document from the State to the Republican National Executive Committee on to the Public Treasury."

A recent report for the opinions of mankind, the report asserts, should have impelled the Republicans to conduct the investigation with fairness and set forth the results with impartiality. A glance at the majority report would satisfy every just mind that this had not been done. The examination was conducted with all the sharpness, the rigor, the shutting off of unfavorable testimony, the leading up to and solicitation of which was favorable, which usually characterizes the trial of a criminal case in the hustings court.

The people of Danville were all the while treated as though they were on trial with the Republican Senators acting as prosecutors. Things were assumed to be true on the rambling statements of negroes, though disproved by dozens of witnesses of greater intelligence, both white and black.

The report here describes the riot as a purely local affair, not the result of a conspiracy. It enters at length into the history of the lawlessness of mobs in Northern cities, dwells upon crimes of violence at the North, alludes to the Cincinnati riots, the Tewksbury Almshouse investigation in Massachusetts, the killing of inoffensive negroes in New York and other Northern States, and pertinently suggests that an investigation into these matters would be as proper a subject of Congressional inquiry as the investigation of the killing of four negroes in Danville.

## Blaine and Logan.

James G. Blaine was born in Washington county, Pa., January 31, 1830. He graduated from Washington College in 1847, taught school for several years, and in 1853 went to Kennebunk, Me., where he became the editor of the Kennebunk Journal. As an eloquent and powerful speaker, he had already gained prominence in 1850, when he was elected a member of the Maine Legislature. He went first as a representative to Congress in 1862; in 1869, he was elected Speaker of the House in 1869, and did not lay down the gavel until 1875, when the Democratic majority elected Samuel J. Randall his successor. The ensuing year he received the highest number of votes on the opening ballot for President in the National Republican Convention, at Cincinnati, which finally nominated Mr. Hayes. Appointed Secretary of the dead Senator Morrill, of Maine, in 1879, Mr. Blaine was again a popular presidential candidate in 1880, receiving 282 votes on the first ballot. Mr. Blaine on the election of General Garfield, which position he resigned on the death of the President, eight months later.

John A. Logan was born on a farm in Southern Illinois, about fifty-eight years ago. He received a common school education and was elected county clerk when he was scarcely out of his teens. He engaged in the mercantile business, and was listed as a private in the war with Mexico, and left the army a quartermaster. He then studied and practiced law, but his aptitude for politics reasserting itself, he became a member of the Illinois Legislature in 1852, and again in 1856, serving one term as prosecuting attorney in the meantime. He was a Presidential elector in 1856, and then went to Congress, serving continuously until the outbreak of the civil war. Entering the army as colonel, he attained the rank of major-general. In 1865 he was appointed minister to Mexico, but declined. He was elected to the Forty-third and Forty-fourth Congresses, and in 1871 was chosen to succeed Hon. Richard Yates in the United States Senate. After serving one term he returned to his law practice, but was again sent to the Senate in 1879.

For constitutional or scrupulous catarrh, and for consumption induced by the scrofulous taint, Ayer's Sarsaparilla is the true remedy. It has cured numberless cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

Walking matches all over the country have been the real style; but the "true agony" has been shown in those innumerable matches, nightly walked by anxious fathers carrying crying babies. The remedy—Dr. Bull's Baby Syrup. Price 25 cents a bottle.

## HAPPENINGS IN THE STATE.

HIGH POINT.—At a meeting of the mayor and commissioners held Wednesday evening, the 4th inst., an ordinance was passed ordering all the beer saloons to be closed on and after July 5, 1884. On conviction of any person selling spirituous or mal liquors a fine of \$20 will be imposed, one-half of the fine to go to the town and the other half to the person giving the information. Under the existing circumstances, it appears that this is the best course the town council could have pursued.—Enterprise.

GRADED SCHOOLS.—The Centennial Graded School, in Raleigh, was the first, we believe, of that class of schools to go into successful operation in 1876, and Capt. J. E. Dugger claims to be the pioneer in this work. With that school as a beginning, the Graded School idea has expanded until now there are schools of that class in successful operation in Goldsboro, Kinston, Newbern, Wilson, Rocky Mount, Magnolia, Wilmington, Fayetteville, Charlotte, Lincoln, Salisbury, Greensboro, Durham, Winston, and perhaps other places, and the idea still marches on. What may we hope to see in ten years from now?—Winston Leader.

Mr. E. E. Raper, one of Davidson county's brightest sons, who has been attending Dick & Dillard's Law School and who recently made a lasting impression upon the people of Greensboro, in a Temperance address, has been elected Superintendent of Public Instruction of Davidson county. Considering his age, this is a high compliment to Mr. Raper, and we predict a bright future for him. He is a graduate of Yaddick College, and doubtless will do successful work for the educational interest of Davidson, as well as reflect honor upon his chosen profession—the Law.—Central Protestant.

## GENERAL NEWS.

GATHERED FROM HOME AND ABROAD.

The public debt was decreased nearly \$5,000,000 in May.

The late Cyrus H. McCormick, who made his fortune mainly by manufacturing his reapers, left an estate of \$32,500,000.

Three thousand bales of cotton were destroyed in the burning of a warehouse on Toronto street, Liverpool, England, recently.

In Shackelford county, Texas, a few nights ago, a large water spout fell covering several hundred acres. One ranchman lost 860 sheep out of a flock of 900.

## THE FATHER OF TWENTY-SEVEN CHILDREN.

—Seneca City, N. Y., May 25.—Near this place there lives one of the largest families of the United States. Mr. Joel Vaughn has been married four times. His last three wives were widows, all of whom had children by previous husbands, respectively eight, seven and four, a total of nineteen. These four wives of Mr. Vaughn have been step-children, gave to Mr. Vaughn control of forty-six children. There are thus seven different sets of children.

## Hard Times in Cotton Mills.

Augusta, May 27.—On account of the depression in the cotton goods trade the mills here have been compelled to reduce their expenses. The King Manufacturing Company has reduced the salaries of its officers and the wages of its hands 15 per cent. The Enterprise Manufacturing Company has cut down salaries 20 per cent and wages 15 per cent. The Augusta Factory will shut down two days a week. The Sibley and Langley manufacturing companies, on account of the purchase of cotton at low rates, will run full time and make no reduction. The Granite and Vancluse factories have taken no action, but operatives have been cautioned to live economically, as it may become necessary to shut down for some time during the summer.

## AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured. It checks falling of the hair, and stimulates a weak and starchy growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled. It contains neither oil nor dye, renders the hair soft, glossy, and sleek in appearance, and imparts a delicate, agreeable, and lasting perfume.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

—Post Office address, Waughtown, N. C.

—The closing exercises of Elm Street Public School on the evening of Friday last, was pleasant and entertaining. The programme was varied and the scholars gave general satisfaction. Dr. Rondthaler delivered the address, which was full of the best advice and bright and sparkling throughout.

—C. W. Church, of this county, near Mt. Tabor, has the finest piece of wheat ever known in this country. It is supposed that the small tract of little over an acre will thrash out between 60 and 70 bushels.

—Noah Kime, of Yorkely P. O., Davidson Co., will probably thrash out 50 bushels from one acre.

THE FLO HOUSE.—Salem can now boast of one of the best arranged and furnished hotels in the State. Everything new and complete. Every modern convenience at hand. It is centrally located and convenient for the traveling public. The beautiful cedar avenue in the rear is a pleasant promenade, and is especially safe for children.

—It is with great pleasure we refer to the articles in another column upon the subject of a County Fair, which will probably be held in August. Every citizen of the county is interested in this matter and all should strive to make it a success.

—Senator Ransom has been invited to deliver the annual address before the State Fruit Fair Association. Senator Vance is also expected to be present and take part in the exercises.

—The Twin-city Rifle Club, is the name of an organization gotten up by a number of gentlemen of Salem and Winston. The following persons comprise the club: George Corrie, President; S. E. Allen, Vice-President; Jno. Taylor, Secretary; D. E. Allen, S. B. Neal, Ed. Norfleet, J. D. Burch, Chas. W. Vogler, Dr. H. T. Bahson, Dr. S. W. Battle, W. P. Ormsby, D. H. King, Dr. S. W. Battle is Captain and S. E. Allen Lieutenant. Dr. Battle won the prize at the first contest.

—The second contest of the Twin-city Rifle Club resulted as follows. Totals out of 100 possible points.  
Battle 78. Taylor 61.  
Buxton 78. Vogler 77.  
Burch 67. S. E. Allen 77.  
Corrie 67. Ormsby 77.  
King 66. Ector 71.  
Neal 73.

resulting in a tie between Messrs. Buxton and Battle. The tie contest resulted in favor of the latter by one point, standing Buxton 4, Battle 5, one shot a piece.

The Academy Commencement.

The exercises of Commencement week were as usual highly interesting. Last week we noticed the names of the graduates and medalists.

THE ESSAYS.

On Tuesday evening the graduating class read their essays as follows:  
Our Life Work, Miss Winkler. Cheerfulness, Miss Lewis. Curiosity, Miss Thomas. What the World Says, Miss Morehead. Great talkers and little doers, Miss Nissen. Fortune, Miss Cooper. Associates, Miss Nield.

The usual and the beautiful, Miss Lenoir. Fashion, Miss Grier. Books are closed, Miss Spencer. Domestic duties, Miss Craig. Flirting, Miss Dulin. Changes, Miss Wilson. The good old times, Miss Hine.

THE ART DISPLAY.

On Wednesday was composed of a selection of the best work of the session from the charcoal sketch to the large and elaborately painted screen; among the latter the work of Miss Lula Fries was much admired. The places of Miss Delphine Hall were highly commendable. Some very pretty landscapes on tumbourines, easels and palettes were much admired. The needlework, though not as full as last year, was satisfactory, and much of which was exceedingly well done. Miss Troeger, the teacher, is an artist in every sense of the word.

THE CONCERT.

On Wednesday evening was a brilliant affair. The programme was somewhat different from last year, there being a larger proportion of instrumental pieces. The work exhibited rare excellence with steady progress.

We regret that sickness prevented Miss Hine from singing.

The opening overture, "Zampa," for eight hands was remarkably well rendered by Misses Ramsey, Kirkpatrick, Ragdale and Zorn.

Miss Lenoir's ballad, "Looking Back," Sullivan, was a song gem, most pleasingly given. Miss Ragdale, graduate in Piano Playing, gave Martucci's "Secondo Capriccio" in splendid style. Miss Parker sang "I'll Fly with Thee" in a spirited manner. Misses Vest and Morehead successfully rendered "Reminiscences de Faust," Gounod, arranged for two pianos by Bonawitz. Miss Lineback was particularly happy in giving "Incantation d'Amore." Misses Hunter and Vest opened the second part with "Salut a Pesth," Marche Hongroise de Concert, for two pianos, by Kowalski. Miss Parker, graduate in Singing, gave "La Ciccia," La Gioconda, in her very best manner. Miss Ramsey, graduate in Piano Playing, gave us "Lullabye," "Les Huguenots," Grand Fantaisie, by Thalberg, in an unexceptionable style. Misses Hunter and Vest gave on two pianos a splendid rendition of Thern's "Grand Tarantelle." Miss Hunter was at her best in "Lucy's Bargain," Moreau Brilliant. Miss Parker and Sig. D'Anna charmingly sang "Ah, Leonardo," La Favorita. This unique and successful musicale was closed with the brilliant, "La Gazza Lutra," Grand Overture, arranged for three pianos and performed by Misses Hunter, Ragdale, Ramsey, Vest, Nunnally and Morehead.

President Zorn's well merited tribute to Sig. D'Anna, was well received by the audience. The four years' work of the Professor has been remarkably successful, and we regret that the Academy, of course his successor will be expected to maintain the present high musical standard.

COMMENCEMENT.

On Thursday morning at 9 o'clock the Chapel was filled with a large audience to witness the always interesting exercises attending the Commencement. Misses E. Nunnally, Williams and Kirkpatrick opened

with a Galop, "Golden Youth," with unusual precision and vivacity. Rev. R. P. Lineback read a passage of Scripture, and Rev. J. T. Zorn offered a fervent prayer. Miss Alice J. Rondthaler read in a distinct and impressive manner a very finely written Salutatory. Miss Hunter rendered Paraphrase of Concert, "Old Hundred," in splendid style. The Principal then made his annual address, followed by Dr. Rondthaler in an appropriate and telling address to the audience and especially to the graduating class, after which he presented the several Diplomats to the young ladies named last week. Miss Hunter and Sig. D'Anna then gave "Pearls and Diamonds" on the piano. The Valedictory was a choice bit of composition, and given with a grace and pathos that touched the hearts of the classmate, teachers and principal. It was highly meritorious.

THIRD ANNUAL WHEAT AND CATTLE FAIR.

It was generally admitted at the last Wheat and Cattle Fair that since the Fair had assumed such proportions it was necessary for the gentlemen who had inaugurated it to receive assistance in the support and furtherance of the enterprise or to curtail the Fair within its original limits and make it purely a Wheat Fair. With this in view a partial canvass of the two towns was made, and a call, inviting the farmers of the county to unite in the undertaking. The result of these meetings was that the idea of a permanent Fair was, for want of support, abandoned and only by the advice and support of the committee engaged in collecting articles for the State Exposition it was decided to repeat the experiment made last year, with certain changes.

1st. Whereas, the proprietor of the warehouse had heretofore granted the use of his warehouse free, at a considerable loss to himself, he has decided (we think very properly) this year to let it only for rent.

2nd. To increase the interest it has been decided to increase the premiums offered at the last Fair.

3rd. To accomplish these objects; namely the payment of rents and the increase of the premiums, the committee has decided to charge an entrance fee of 25c. for officers, exhibitors and visitors.

No charge will be made for articles entered for premiums, but a fee of \$5 will be charged for all exhibits intended to advertise any business. The fee will be charged for each separate line represented—i. e., \$5 for a line of reapers and mowers, \$5 for a line of drills, \$5 for rakes, \$5 for clothing, &c.

The third annual Wheat and Cattle Fair will be held in the Farmer's Warehouse, Winston, N. C., August 20th and 21st, 1884. All articles intended for exhibition or advertisement must be brought in and placed in position on the 19th of August. No horse or vehicle will be admitted in the warehouse, or warehouse lot or stalls, on the 20th or 21st, except those entered for exhibition. Addresses will be delivered on both days by distinguished men. The surplus receipts of the Fair after paying the expenses, will be added to the county appropriation of \$1000 to aid in getting up a county exhibit for the State Exposition.

Messrs. F. & H. Fries, of Salem, N. C., offer their Special Premiums for Forsyth county, as heretofore:

CIRCULAR.

WINSTON, N. C., June 5, 1884.

DEAR SIR: At the March meeting of the Magistrates and Commissioners of Forsyth County, an appropriation of \$499 was made to defray the expenses of getting up and making a County exhibit at the State Exposition, to be held in October next. The County Commissioners appointed the following Executive Committee to have the whole management of getting up and making the exhibit (the Committee to have no pay for their services): A. E. Conrad, Chairman, and G. W. Hinshaw, Secretary; and at another meeting of the Committee, held in April, a Township Committee of three in each Township, of which you are one, was selected to work up the Township, in connection with our Committee and our Agent. We herewith enclose a small book, which states what we want to get up, and in addition to the articles named, we want all curiosities that are of interest and calculated to attract attention. You will have to serve, like us, without pay. The appropriation is so small that it will take all of it to pay for a large County Map we are having made, the expenses of the canvass by our Agent, and the expenses at the Exposition, so that all articles for the Exposition will have to be donated or loaned.

Other counties are making very great efforts to excel in their exhibits. Much is expected of Forsyth, as we have the honor of having furnished the Secretary of the State Exposition. We have a greater variety of agricultural products and other articles with which to make an exhibit than any county in the State, and we beg of you to join us in this matter, and let us make a better exhibit than any county in the State; one that will properly represent us, and one of which we will be proud.

John F. Griffith, Esq., has been elected Agent and will commence the canvass next week. You all know him, and know that he is a first-class business man; and we ask that you aid him every way in your power.

We are trying to arrange to hold a County Fair here under the auspices of the Executive and Township Committees some time the latter part of August, and if we can succeed in arranging for it, we ask your influence and cordial support.

Below please find names of the Township Committee:

1. WINSTON—F. G. Schaum, James T. Lineback, C. H. Fogle.

2. BETHANIA—Thos. S. Stoltz, John H. Anderson, Columbus Kapp.

3. OLD RENO—Julius F. Miller, Eugene Kapp, E. L. Reed.

4. VIENNA—H. R. Lehman, E. C. Dull, Eugene Pfaff.

5. LEWISVILLE—L. C. Laughon, W. G. Hauser, M. V. Warner.

6. SOUTH FORK—John Boyer, Permania Dicks, Theophilus Kimmel.

7. BROADWAY—Rowan C. Charles, Eli Hine, John Spangh.

8. ABBOTT'S CREEK—J. L. Phipps, Joseph Beeson, Hickson Idol.

9. KERNERSVILLE—V. W. Perry, W. H. Leak, L. I. Bodenhamer.

10. BELEV'S CREEK—L. A. Roberson, John Linville, E. H. Pegram.

11. SALBY CREEK—John W. Waddill, Jr., Henry Marshall, T. N. Marshall.

12. MIDDLE FORK—P. A. Cox, J. P. Crews, W. A. Lowery.

13. OLD TOWN—C. H. Hauser, J. L. Pratt, J. E. Potree.

This is not an individual enterprise or one calculated to benefit any person more than another, but a great State enterprise, and Forsyth County must show her resources, and must excel her sister counties. Any correspondence addressed to A. E. Conrad, Chairman, Lewisville; John F. Griffith, Agent, Lewisville; Geo. W. Hinshaw, Secretary, Winston, N. C., will be promptly attended to. The Depository for articles intended for exhibition will be at Winston. We are prepared to receive it at any and all times.

In conclusion allow us to ask of you not to overlook the little things that can be gotten together.

By order of the Ex. Committee.

A. E. CONRAD, Chm.

G. W. HINSHAW, Sec'y.

CORRESPONDENCE.

LETTERS FROM OUR FRIENDS.

KERNERSVILLE LETTER.

Messrs. Editors: During the past week Mrs. Hight was closed.

On Monday night she held an examination with very satisfactory results; at the conclusion, R. B. Kerner, Esq., of Winston, delivered the address. His subject was "The Boy."

We thought we knew all about the boy, but after having him described under the various phases, under which Mr. Kerner showed him up, we concluded we were mistaken, and acknowledge we will never be able to comprehend him until he settles down into manhood. His address was certainly good.

On Tuesday night was the Entertainment proper, singing, addresses, and the crowning of a May Queen, Miss Lilly Dicks, of Kernersville, and a right royal queen they made of her, and she bore her honors with becoming grace. All the addresses on the part of the children were well rendered. Master James Kerner and Edgar Popper did particularly well; the whole was closed by a prayer by Rev. Mr. Pinnix, of the Christian Church.

On Wednesday night the promenade party came off, and nearly everybody old and young, was there, and entered into the enjoyment of the occasion, and we broke up in the

AYER'S Cherry Pectoral.

No other complaints are so tedious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting from a trifling or unimportant exposure, is often but the beginning of a fatal disease. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctor gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL, a permanent cure was effected. I am now 62 years old, hale and hearty, and can testify that AYER'S CHERRY PECTORAL saved me."  
ROCKINGHAM, Vt., July 15, 1882.

Group.—A Mother's Tribute.  
"While in the country last winter my little boy, three years old, was taken ill with croup. It seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing again. The doctor said that the CHERRY PECTORAL had saved our darling's life. Can you wonder at our gratitude? Sincerely yours,  
Mrs. J. C. Ayer & Co., New York, May 16, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. I can testify that it is the most effective remedy for coughs and colds we have ever tried."

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, which cured me of a severe attack of Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. I can testify that it is the most effective remedy for coughs and colds we have ever tried."  
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

best of humor. She speaks of beginning again the 10th of August next.

While in some parts of the county they are having plenty of rain, we are still on the dry order. What is ripening and some has been cut, and pronounced to be good, in grain and yield. The meadows have not got down in our corner yet, although they seem to be everywhere else.

Kernersville, June 12th, 1884.

—There was a terrible gallows scene in England the other day. A woman who had poisoned her husband was dragged to the place of execution in the town of Lincoln, screaming with terror and begging for life. The drunken hangman, Binns, pounded her and choked her to make her keep silent, but it was only when the rope tightened on her neck that her cries were stifled. Fortunately the execution was private.
